Sir:

AMENDMENT

In response to the Office Action dated March 18, 2003 (Paper No. 5), the period for response to which extends through June 18, 2003, please amend the above-identified application as follows:

IN THE ABSTRACT:

Please amend the Abstract at page 18 to read as follows:

A multi-domain liquid crystal display and method of fabricating the same is disclosed in the present invention. More specifically, a liquid crystal display includes first and second substrates, a liquid crystal layer between the first and second substrates, wherein the liquid crystal layer has a twist angle in a range of 1 to 89 degrees, and an optical plate between the liquid crystal layer and the second substrate, wherein the optical plate has an optical axis horizontal to the first and second substrates.
